6 December 1955

MEMORANDUM FOR: Director of Personnel

SUBJECT: Proposed Regulation [redacted]

REFERENCE: Memorandum, Director of Personnel to General Counsel, dated 5 December 1955

1. Study of the proposed regulation indicates that it raises no legal questions.

2. We do have a few suggestions to offer in the interests of clarity. Of these, the most important is a suggestion that [redacted] be further explained. This might be accomplished by an explanatory comment within this regulation or by cross reference to another regulation which will discuss the phrase. Its appearance in several places with initial capitals gives it the appearance of a very specific entity. As we understand it from previous conversation with members of your staff, there is no standard format for these plans, but they are, rather, to represent the individual's suggestions, perhaps as refined through discussion with his immediate superiors as to the combination of training and assignments which might better fit him for service with the Agency. Some expression of this concept in the regulation might clarify it for prospective applicants.

3. Minor editorial suggestions:

Paragraph 2a. Insert a comma after "training" in line 3.

Paragraph 2a. Replace "or" with "nor" in line 5.

Paragraph 6a(1). Replace "in" with "into" in line 5.

Paragraph 6a(3). Replace "the appropriate operating official" with "the former" in the second line on page 7.

Paragraph 6b(2)(f). Change "determined" to "determines" in line 3.
